

# AWNINGS

## BUDGET AWNING

Made from the highest quality poly fabric available, a budget awning is ideal for extra shelter on short trips or an alternative when a full annexe is not required. Poles, ropes & pegs can also be supplied.

## STANDARD AWNING

With the same purpose as the budget awning the standard awning is made from 10oz canvas. For those who prefer the look of traditional canvas.

## DELUXE AWNING

The deluxe awning is made from 12oz canvas with end panels so walls can be added to create a full annexe. Designed to be supported by a full frame.
